WORK EXPERIENCE *January 2008 to present*
Ligature Designs www.ligaturedesigns.com
22 Hillside Ave, Marietta, GA 30060 404.514.0626
Industry: Ligature Designs provides custom web development.
Role: Owner/Operator
Responsibilities: During my first year in business, I have assumed the roles of designer, developer, project manager, sales, marketing and accounting.

September 2002 - December 2007
H I Solutions www.hisolutions.net
4040 Royal Drive, Kennesaw GA 30144 770.423.1150
Industry: H I Solutions provides building automation hardware, software, and services.
Role: SOFTWARE DEVELOPER / ACCOUNT MANAGER
Responsibilities: Develop & support windows-based software, embedded software, and our web application. I developed entire software applications including database communications, device communications, test applications, and user interface products. I served as a contact person for two of our key national accounts. In this role I was often responsible for resolving critical issues when they arose. A very different role that I quite enjoy is teaching a portion of our week long distributor training classes. I also re-designed our corporate web site in 2007.

August 2000 - August 2002
Cadence Technologies www.cadencetech.com
1006 Windward Ridge Parkway, Alpharetta, GA 30005 770.667.6250
Industry: Cadence is an engineering firm providing process solutions for food and beverage.
Role: SYSTEMS ENGINEER AND PROJECT MANAGER
Responsibilities: Successfully sold and managed 3 projects from start to finish including the development of the proposals. These projects included: \$28,000 monitoring system for Coca-Cola Plant, \$45,000 part and QA services for Coca-Cola Plant, and a \$600,000 Blend Room Addition for Coca-Cola Plant. Site engineer for two 3 million dollar beverage process projects. Initiated and developed a new internship program.

August 1996 - August 2000

Marietta High School
121 Winn Street NW, Marietta, Ga 30064

www.mhs.marietta-city.org
770.428.2631

Industry: Public high school in Marietta City Schools district.

Role: MATHEMATICS TEACHER

Responsibilities: Taught approximately 140 students per semester.

Mathematics Department Chair last two years in a department of 12 teachers. This role included responsibility over a budget, interviewing prospective teachers, and scheduling courses. I created and launched 2 new courses and developed the curriculum (Algebra for limited English proficiency students). Taught staff development courses for employees and local teachers. Most Outstanding New Employee in Marietta City Schools 1996-1997. Outstanding Teacher Award 1998.

EDUCATION

The University of Georgia June 1994 - June 1996

Master of Education, Secondary Mathematics

Conducted several seminars for pre-service teachers, Published 4 papers in professional journals, Presented 2 papers at international conferences in Scotland and Italy.

Kennesaw State University January 1990 - June 1993

Bachelor of Science, Psychology

The Georgia Institute of Technology September 1986 - December 1989

Major in Electrical Engineering, Co-op employee at IBM and Professional Control Corporation. I completed 11 quarters of course work and had 2 quarters remaining when I transferred to KSU.
